

FTP - Terms and Conditions

Welcome to Fair Token Project.

Please read these terms and conditions (“terms and conditions”, “terms”) carefully before using fairtokenproject.com website (“website”, “service”, “tools”, “software”, “technology”) operated by Fair Token Project (“FTP”, “we”, “our”).

Thank you for using our services/tools. We strive to create easy to digest information and simple yet effective tools to help you find better investments and/or create honest web3.0 companies.

We are huge proponents of Web3.0 for the freedom and decentralization that comes along with it. As such we do not filter, vet, or even research any users of our technology. Investing in defi is inherently risky, Fair Token Project does not promote, advocate, or control any entities found on fairtokenproject.com unless explicitly stated otherwise. While we take many actions to limit malicious actors, there are still people out there who will do everything possible to scam you. Please make sure to research before you invest, even projects/companies found within fairtokenproject.com.

Conditions of use

By using this website, you certify that you have read and reviewed these terms and that you agree to comply with these terms. Fair Token Project only grants use and access of its software and website to those who have agreed to our terms.

By using this website you also agree that you will not use our software to lie to, cheat, manipulate, steal from, rob, scam, rug, or any other malicious act that dishonestly separates investors from their funds.

Limitation on liability

The software found here is highly experimental and constantly evolving, FTP is not liable or responsible for any crypto currency gains or losses that may come from investing in users of our software. FTP does not store information, vet, or research any users of our software, as such FTP is not responsible for actions of users of our software.

Privacy Policy

We do not attain any information related to users of our service other than a wallet address. This wallet address is used to enable certain features for user control over entities made through our software. FTP will never ask for your personal information.

Fair Token Project reserves the right to edit, change, or modify these terms at any time. These terms are an agreement between FTP and the user of its software.
